

An Experience in Canada's True North

Director, Natural Resources

Take this opportunity to have an office in one of Canada's most beautiful and unspoiled environments. An office that includes the Old Crow Flats, the Porcupine, Bell and Crow Rivers, North Richardson Mountains, the Peel Watershed, and Fishing Branch an ecological wonder! You commute using snowmobile, riverboat or ATV. Your traffic is the caribou, moose, migrating birds, fish nets and dog sled teams.

Your second office is in a modern building with modern technology in the community of Old Crow. Work includes listening to stories of how the Vuntut Gwitchin lived in the past, learning how nature guides their lives today, directing how the natural resources – lands, heritage, fish, wildlife - will support the people in the future.

Join the Vuntut Gwitchin First Nation on the exciting and challenging journey of protecting a lifestyle that dates back hundreds of years while using modern methods and technology to ensure that the natural resources will be sufficient in meeting current and future demands.

As an ideal candidate you will hold a degree or diploma in one or more of the following: natural or renewable resource management, land management, environmental studies; and have extensive relevant work experience at a senior management level; knowledge of the principles, practices, issues and legislations associated with natural resources management; strong skills for managing projects, developing policies and procedures, applying financial management, negotiating, supervising and problem solving; excellent oral and written communication skills.

A detailed job description and information about living in Old Crow is available at www.vgfn.ca and www.oldcrow.ca.

Salary Range: \$33.87 - \$44.03 per hour. Work week is 32.5 hours. Other benefits are available.

Resumes will be accepted until the position is filled. Submit resumes to:
